I saw your old flame  
Walking down the street  
She's back in town again  
She's looking out for you  
She says you used her  
And you were indiscreet  
It really wounded her  
When you bid adieu  
Do you mean she still cares  
Do you mean she still cares  
Do you mean she still cares  
Oh you don't say  
Do you mean she still cares (Do you mean she still  
cares)  
Do you mean she still cares (Do you mean she still  
cares)  
Do you mean she still cares  
But you don't say (you don't say)  
She keeps half a ring  
She says you've kept the other  
She says you broke your word  
When you pursue another  
She says "You're getting love  
Mixed up with sympathy  
Young man, do your duty  
And come on back to me"  
Do you mean she still cares (Do you mean she still  
cares)  
Do you mean she still cares (Do you mean she still  
cares)  
Do you mean she still cares  
Oh you don't say (you don't say)  
Oh do you mean she still cares  
Do you mean she still cares  
Do you mean she still cares  
Oh you don't say  
She says her heart aches  
Like you had bought and sold her  
She took all her hopes  
And pinned them on your shoulder  
She sends you rosemary  
And by this gift you're given

Remember love heals  
And old wrongs forgiven  
Do you mean she still cares (Do you mean she still  
cares)  
Do you mean she still cares (Do you mean she still  
cares)  
Do you mean she still cares  
Oh you don't say (you don't say)  
Do you mean she still cares  
Oh do you mean she still cares  
Do you mean she still cares  
Oh you don't say
