Verse 1 [NAD]

I smell the rain before I open the door
I hear the lightning louder than ever before
I smell the dust flying of the ground
Counting drops falling down on the floor
Looking up searching the sunlight
See the clouds starting their own fight
Save my soul take me to the other side
Can you hear me!

Chorus

Rain me, [6x]

Verse 2 (NAD)

I am enslaved in here and I can't get out
I feel somehow I don't wanna break out
It's difficult to explain
But I feel the joy in my veins
And I pray to the lord let it rain
Don't take my soul today
Looking up searching the sunlight
See the clouds starting their own fight
Save my soul take me to the other side
Can you hear me!

Chorus

Rain me, [3x]

Rain me, (yeah, yeah)

Rain me, (Let the rain fall down)

Rain me, (When the thunder cry, then the rain fall)

Verse 3 [Faze Lucciano]

My hearts cold and I'm all alone better off on my own
Will I drown in my own Pit of hot flames rain carry me
on
They thought it was over till I rose up from the dust like
a soldier
With a Vulgar mental and a focus Imma eat till I'm eatin
by the vultures
My nights are the coldest and if life's all about guns
and the roses

Then I'm posing as a sniper that's holding two gats
with a scope and waiting on my moment
My Statue of Liberty the heat burning in my hand like
torches
Deceitful feelings if people feel him with the evil in him
so lord just,

Chorus

Rain me, (Let the rain fall down)
Rain me, (Let it all fall down)
Rain me, (When the thunder cry, then the rain fall)
Rain me, (Let the rain fall down)
Rain me, (Let it all fall down)
Rain me, (When the thunder cry, then the rain fall)
