Hey you, well have you ever told the truth? I knew, it was all just a joke for you.

My Tattoo, guess that's how much I was stuck on you.

Hey you, you had your chance now I'm making the rules.

We've done our time now I'm out the front door. I'll never take you back, you'd only let me down. (Hey You)

Brought out the worst in me now you can go. (Hey You) You ripped me open and took my soul. Hey You. Hey you, I'm up to here walking in your shoes. I'm Through, beautiful future without you. Hey you, I'm sick of all the shit you put me through.

Here's the truth, you're only in this for the loot. We've done our time now I'm out the front door. I'll never take you back, you'd only let me down. (Hey You)

Brought out the worst in me now you can go. (Hey You) You ripped me open and took my soul. Hey You. You ain't got me worried, don't got me worried no. I can Stand on my own. You ain't got me worried, don't got me

Worried no no. I can stand on my own. I never needed you anyway, anyway. Hey you, have you ever told the truth. Hey you, beautiful future without you.
