[SeVen:]

Play the keys, Rich
Play the strings, Rich

[All:]

Hey
Hey
Hey

[Lyndriette:]

First thing's first, lemme tell you how I feel
'Cuz yeah, it's official and yeah, it's all real
And yeah, he my man and yo, yeah I'm feelin' it
But boy you so cute tonight that you ain't gotta trip
'Cuz oh
He ain't wit me now tho
He ain't wit me now tho
He ain't wit me now tho
He ain't wit me
'Cuz I could be prim and proper standin' by
And play my position, but tonight I need to shine
So yeah, I'm on a mission, it's been a long time
So pour that 808, keep it drippin' down my spine
'Cuz oh
He ain't wit me now tho
He ain't wit me now tho
He ain't wit me now tho
He ain't wit me

[SeVen:]

Don't wanna feel like I'm inside a cage
(Don't wanna be in a cage)
So much is on my mind, no time to waste
(There ain't no time to waste)
And even though I know this is real love
Tonight, just watch me, watch me, watch me
Shake, shake off the handcuffs
I can't wait

[All:]

Hey
Tell ya man you need some space

Turn ya phone off, put it away
Don't worry you'll be straight, don't wait
Hey
One more bottle, we gon' be faded
Pull the pin and throw the grenade
Don't worry you'll be straight, don't wait
OH! (wiggle wiggle wiggle now)
OH! (wiggle wiggle wiggle now)
OH! (wiggle wiggle wiggle now)
OH! (wiggle wiggle wiggle)

[Brave:]

I know how feelin' girl, I been there too
How everything lovely and he takin' care of you
So let's make a promise "keep the drinks comin'
Whatever see you do (girl) I ain't sayin' nothin'
'Cuz oh
He ain't wit cha now tho
He ain't wit cha

[SeVen:]

And when I'm with my girls, it's the same type of trust
When we get to pimpin' and bouncin' on up
With time bombs tickin', start talkin' mess
So dance a little closer, that's why I wore this dress
'Cuz oh
He ain't wit me now tho

[Audra:]

He ain't wit me now tho

[Brave:]

Watch me dip it down low
Watch me dip it

[Audra:]

Don't wanna feel like I'm inside a cage
(Don't wanna be in a cage)
So much is on my mind, no time to waste
(There ain't no time to waste)
And even though I know this is real love
Tonight, just watch me, watch me, watch me
Shake, shake off the handcuffs
I can't wait
