[Chorus:]

Move on my baby come and get this love
Said you need it and you want, gotta have it baby
I been thinking lately, waited long enough
Said you need it and you want, gotta have it
Baby baby baby baby!

[Verse 1:]

Ain't you tired waiting
3, 4 months we been dating
I just want your love, I just want it
How about a little fun, let's enjoy recreations
Wanna feel your touch, wanna feel it
I been trying to play it cool, now it's time to lose my
guard
Baby give it up, baby do it
So tonight's there's no more rules
Have me anyway you want
Baby, baby!

[Chorus:]

Move on my baby come and get this love
Said you need it and you want, gotta have it baby
I been thinking lately, waited long enough
Said you need it and you want, gotta have it
Baby baby baby baby!

[Verse 2:]

Been anticipating, ain't no sense in delaying
Come in where it's warm, baby come in
Throw in a sultry song, it's a special occasion
Play it all night long, baby play it
I'm of age, you're full grown
Feels just right, it can't be wrong
Baby making love, baby making
Lay in bed, looking fine
Make me wanting you some more
Baby baby!

[Chorus:]

Move on my baby come and get this love
Said you need it and you want, gotta have it baby

I been thinking lately, waited long enough
Said you need it and you want, gotta have it
Baby baby baby baby!

[Verse 3:]

See the clock on the wall, about time you give me a call
'cause I know what your needing
What your needing, I'm giving
Come get my love, I swear it's yours
Boy, you can have it all, not like love had before
It's what you need and more
Love's what your waiting for

[Chorus:]

Move on my baby come and get this love
Said you need it and you want, gotta have it baby
I been thinking lately, waited long enough
Said you need it and you want, gotta have it
Baby baby baby baby!
