The BIGGER the BERRY, the SWEETER the JUICE
Not mad if you're carryin' EXTRA in the caboose
Or on any other part of your FINE FRAME--No mind
games
I wouldn't MIND if you were MY Dame
No shame, and this is on the REAL:
I'd rather have a PLUS-SIZED woman gimme somethin I
can feel
Than an icky, sickly stick-lookin' Whitney
Calista Ally McBeal just doesn't fit me
Simply put--you don't have to have a little foot
This ain't the Land Before Time, but the hook
Aptly portrays the message I'm conveying
If you got a full-figure, DOESN'T MATTER WHAT YOU'RE
WEIGHIN'
I'm sayin': I'm looking at the inner person
And your Superior Exterior--your version
Of body form just accentuates you proper
All that really means is that you have MORE TO OFFER

Chorus (2x):

You look so good to me
From the inside out, Babe
No matter what they say
You're NUMBER ONE in my eyes

See you're blessed with more than the average
Yet society's tryin' its best to do damage to your self-
esteem
And every so-called "Beauty Queen" seems to be a
teeny little thing
It's something that always irked me
Just because you weigh a little MORE means that you're
LESS DESERVING?
That's ludicrous--no, not the rapper
If I was a starship, I'd trap you in my tractor beam
Actually I should recap what's attracting me--
Well, the simple fact, you see, is that
Half of it is intellectual...while the other 50 percent is
purely SEXUAL

At least I'm honest--see, I view you as a GODDESS
HEY...Can I be your Adonis?
You might think I'm silly...I'm really just
Trying to get my point across to make sure you feel me

Chorus (2x):

You look so good to me
From the inside out, Babe
No matter what they say
You're NUMBER ONE in my eyes

BIG, THICK, EXTRA-HEALTHY, GENETICALLY WEALTHY
However it's sliced, you NEVER can tell me
That it's NOT beautiful...I'd chop through the fool
Who insists that the Bigger Chicks are not suitable
Because they're carrying EXTRA? Allow me to etch the
View of the DOX next ta
The stick figure with silicon that they fit in her
Above her center to make her tits bigger
Now who's she REALLY trying to look like
You can't be no TRUE BEAUTY QUEEN
If unnatural means are utilized..I guess some guys
Just despise EXTRA-WIDE hips and thighs
Even if you started out HUGE and reduced you're size
You'll ALWAYS be a jewel to MY eyes
'Cause I can see THROUGH your disguise--
You might be smaller NOW,
But there's STILL a BIG GIRL inside

Chorus (2x):

You look so good to me
From the inside out, Babe
No matter what they say
You're NUMBER ONE in my eyes
