I can't get enough
sometimes is way to much
hmm hmmmmmm
I cant get enough
sometimes is way to much
ooh ooh ooh, brigde

Got a job i doe when i need when I'm home
I need a girlfriend a real woman who knows how to
treat me
She makes it so easy
At the end of the day we all want to get a little freaky
I got dinner on the table
You don't have to warm it up
Cause when you get here
I'm give you all the love that i have in me
Baby all i need is your attention please

Pre-chorus
You blush when you sleep
cause i cant get enough of you
your touch its unqie
sometimes it way to much
your body so right i know i be wrong
If I didn't wanna do you like all night long
Its you touch, its your kiss
something i don't want to miss
If its up to me will be here the whole night through till
the morning

chorus
in the morning when we wake up
you will be looking at me so peacefully
like this is where i need to be (this is where you need to
be girl)
In the morning when we wake up
will be together forever
diamonds nothing better
In the morning when we wake up
You be looking at me so peacefully
got your day starting so crazy you know

there's is nothing like being with you in the morning

Verse 2

And I love how you look even when you get up
Your so lovely (those rollers and no make up)
And i can't belive at the end of the day
I still have to say that your my special lady
Now the mornings kinda tough ain't no coffee in my
cup
And the way you be lovin you it's hard to just get up
I can't start my day alone
Cause there is nothing like being with you
in the morning

Pre-Chorus

You blush when you sleep
cause i cant get enough of you (oooh ooooh)
your touch its unqie
sometimes it way to much
I know i be wrong it i didn't take care of you
Know i be wrong if i didn't wanna marry you
Its you touch, its your kiss
something i don't want to miss
day or night baby i be yours
But in the Morning

Chorus

in the morning when we wake up
you will be looking at me so peacefully (peacefully)
like this is where i need to be (this is where you need to
be girl)
In the morning when we wake up
will be together forever (together)
diamonds nothing better (diamonds)
In the morning when we wake up (yeah yeah yeaaa)
You be looking at me so peacefully
got your day starting so crazy you know (got it so
crazy)
there's is nothing like being with you in the morning (in
the Morning)
