Ay primo

Watchale con mi disco

It's gonna come out real soon

It's called Chingo Bling

The name of the cd is "What Did He Said"

Because a lot of people they like to say "What Did He Said"

After I rap, I don't know whys

[Chingo Bling]

Y'all some little putitos

Some little jotitos

Got more wood in my Regal

Then them boys in Home Depot

Chingo Bling culero

The number one freestylero

You might know me from el grupo Los Trailereros

Hog the lane, swang and bang

Chingo Bling, piece and chain

Got a rooster on my back

And under that it says my name

Little diamonds on my chain

Big diamonds on my ring

Other one is on my pinky

Crawlin' on some twinkie-inky

Chingo Bling I'm on fire

You can't stop me, you don't know

I just barely met your ho

Took her back to Mexico [watchale]

Diamonds platinum how I chain

You don't wanna see me pull out my nine

Diamonds on my wrist that'll make you go blind

Cover your eyes since you don't wanna go blind

--talking--

Y Luisa, why you left me for Chingo?

Cuz you don't got no diamonds stupiiiiiiid

[Chorus]

You see me at the pulga

You don't see me at the mall
I started to run fast
But the migra made me fall
Sopita de rice, sopita de pollo
Tengo dientes de ice
You have dientes de foil

-=talking=

Ugh, aqui mero culeros
Por los Stone City Records
Mirame el grill, mira, mira
Platinum and diamonds stupid!
No chingaderas!
You know what?
You might see me with Big Tiggers on el Bassment
Or you might see me with Johnny Carnales
Mismo jale, just different canales, OK
And you little bootleggers bootleggin' my shit on the
underground
Stop it! Because I already know. OK. Stop it. Putos!
Stop bootleggin my shit culeros
