I can't get them up
I can't get them up
I can't get them up At all
Hey ho let go

good morning killer king you're a star
that's gorgeous hold it right where you are
the weathers kinda lousy today
so what oh what oh what'll we play?

stratcaster strapped to your back
It's semi-automatic like dads
he taught you how to pause and reset
but that's about as far as you get...

so what's the use of going outside?
it's so depressing when people die in real life
I'd rather pick up right where we left
Making out to faces of death
Making out to faces of death

And i could save you baby But it isn't worth my time
And i could make you chase me for a little price is right

It's a hit but are you actually sure?
the targets in the crowd are a blur
people screaming just like they should
but you don't even know if you're good
you don't even know if you're good

so tie them up and feed them the sand
Ha! nigga! try hard to tell us using your hands
A pictures worth a million words
And that way nobody gets hurt
And that way nobody gets hurt

and I could save you baby but it isn't worth my time
and I could make you chase me for a little price is
right...
Woo-ah-oo
Woo-oo-ah-oo
Woo-ah "oooh ah ohh ah oo

you're my guitar hero
you're my guitar hero
you're my guitar hero
you're my guitar hero

x marks the box in the hole in the ground that goes off
at a breath
so careful don't make a sound
x marks the box in the hole in your head that you dug
for yourself
now lie in it

shut up about all of that negative shit
you wanted to make it and now that you're in
you shut your eyes and flip the cassette
and that's about the time that they hit
and that's about the time that they hit

what the fuck is up with this shit?
It's certainly not worth getting upset
His hands are gone and most of his head
And just when he was getting so good...
just when he was getting so good...

and I could save you baby but it isn't worth my time
cos even if I saved you there's a million more in line

Woo-ah-oo
Woo-oooh-ah-oo
Woo-ah "oooh ah ohh ah oo
you're my guitar hero
you're my guitar hero
you're my guitar hero
you're my guitar hero
