I never met a lady quite as pretty as Melody Dean
And when I laid my head down on her heart
It beat out your name
And so I had to listen to her heartbeat
Several hundred times
And she was very nice about it
Held my hand and didn't mind

I never put my foot in the same river twice
I don't like getting wet
You take the good
You take the bad
You take it all
And that is all you get
The fact is you would rather I be lonely
In a bathtub with a book
The fact is you would rather I stop pining
On our pictures from New York
New York, New York, New York

But I get torn to pieces
For the stupidest reasons
All I want's to love the one I'm with
Just like the song says

I don't like picking sides
I don't like sticking my Cherona in a box
I like to spread her out on different crackers, yeah
I like the way she looks
And when I go to bed at night
With Melody undressing in my head
To go to sleep
You know I would rather be undressing you instead
Instead, instead, instead

I never met a lady quite as pretty as Melody Dean
And even though I know you are
A little bit angry with me
You know that it is you I love
And you know I want to get me off
But you can only do that if you're here
And right now you're not

I never met a lady quite as pretty as Melody Dean
And even though I know you are
A little bit angry with me
You know that it is you I love
And you know I want to get me off
But you can only do that if you're here
And right now you're not

I never cross the Continental Divide
Without thinking about you
I am a tree that's carved with her name
She is a warrior tattoo
And the fact is you're selective
About what you can remember for a start
The fact is you're just as jealous as all get out
We can do it in the dark
The dark, the dark, the dark

But I get torn to pieces for the stupidest reasons
All I want's to love the one I'm with
Like Stephen Stills says

I never met a lady quite as pretty as Melody Dean
And even though I know you are
A little bit angry with me
You know that it is you I love
And you know I want to get me off
But you can only do that if you're here
And right now you're not

I never met a lady quite as pretty as Melody Dean
And even though I know you are
A little bit angry with me
You know that it is you I love
And you know I want to get me off
But you can only do that if you're here
And right now you're not

I never met a lady quite as pretty as Melody Dean
And even though I know you are
A little bit angry with me
You know that it is you I love
And you know I want to get me off
But you can only do that if you're here
And right now you're not

I never met a lady quite as pretty as Melody Dean
And even though I know you are
A little bit angry with me
You know that it is you I love

And you know I want to get me off
But you can only do that if you're here
And right now you're not
