See i dont
know why
you r such a bitch
you talk a load of shit
you hurt him
real bad
i know he's just as bad
he hurt you cos he's sad
cos he loved you like real bad

why dont you just make it up now
go say your sorry might aswell become friends
you made a great pair then threw it out
you know you still love him thats where it ends

all the time
you kissed
him right back it
didnt mean jack
what a load of
bullshit
your lyin through your teeth
get on and tell the truth
start your life all again

why dont you just make it up now
go say your sorry might aswell become friends
you made a great pair then threw it out
he knows he still loves you thats where it ends
