Promise Me You'll Remember

From the Movie "Godfather III"

~*~[~*~]

Harry Connick, Jr.

Promise me you'll remember
This love together today
We may not have tomorrow
It's not for us to say
Fate isn't kind to lovers
It breaks the hardest heart
Promise you'll remember
How good we are

Why do I find the sadness
Under your sweetest kiss
Destiny seems to whisper
It won't stay like this

*When wherever we're together
I feel time standing still
I only know I love you
And I always will
If we should lose each other
Somewhere inside the dark
Promise me you'll remember
How good we are

(Repeat *)

Time isn't kind to lovers
It breaks the hardest heart
Promise me you'll remember How good we are
