Why, baby tell me why  
Does someone always say goodbye?  
You should never doubt, all I'll ever do  
Is watch over you

I only wanna guard  
Every beat of your gentle heart  
Look and you will see  
You can count on me, depend on me

Anytime you need  
Any place you say  
Anything indeed  
Anyhow, any way

I wanna be your friend  
Day by day to the very end  
If you ever call crying with the blues  
I'm here for you

Anytime you need  
Any place you say  
Anything indeed  
Anyhow, any way

I'll dry your tears when you cry  
And I need no reason why

Anavart khosqer  
Anavart houyser  
Artsoukner ou ser  
Ou haverzh kez het

Anytime you need
