I said goodbye
That doesn't mean I let you go.
I swear I tried
Your memory won't leave me alone.
How do I move on
When I keep looking back?
How do I find someone
When I just want what we had?

(chorus)

Do I lie to myself, say it's all for the best?
Say I don't really need you, I don't miss your
tenderness?
After all the nights I held you , after all that we've been
through
Tell me how do I just stop
Loving you?

We had it all
How did it ever come to this?
Your eyes, your smile,
So many things I'm gonna miss.
Girl, your love's not something
I can just forget about
And I'll go crazy soon
If I don't find a way somehow!

(chorus)

Do I lie to myself, say it's all for the best?
Say I don't really need you, I don't miss your
tenderness?
After all the nights I held you , after all that we've been
through
Tell me how do I just stop
Loving you?

(bridge)

Man, I don't know where to start
When you're still here in my heart
Where you're supposed to be.

(chorus)

Do I lie to myself, say it's all for the best?

Say I don't really need you, I don't miss your
tenderness?

After all the nights I held you , after all that we've been
through

Tell me how do I just stop

Loving you?
