She said I'm gonna miss but we'll make it through  
He said I'm only doing what I have to do  
She held on to him until security  
He said I'd better go, the plane's about to leave  
And as he walked away he could hear her say

I'll be waiting for you til you come home again  
I'll be waiting until the miles between us end  
Every night I'm gonna be right here baby  
On my knees praying and waiting for you

He called the other night to say it won't be long  
She said every day's forever when you're gone  
He said I never thought that I could love you more  
Now I know I do and that's worth waiting for  
They were both in tears  
And she said I'll be here

And I'll be waiting for you til you come home again  
I'll be waiting until the miles between us end  
Every night I'm gonna be right here baby  
On my knees praying and waiting

Til I can feel you in my arms  
And all this emptiness is gone

I'll be waiting for you til you come home again  
I'll be waiting until the miles between us end  
Every night I'm gonna be right here baby  
On my knees praying and waiting for you  
I'll be waiting
