I won't say goodbye, I don't believe it's true
I'm only letting go cause it's the only thing I know to do
I close my eyes and say a little prayer
Around some corner, someday you'll be standing there
Smiling there

Somewhere down this road we will meet again
I know the day will come
God be with you 'til then
Wherever this life takes us - heaven only knows
Just over the horizon - where forever goes
We will meet again my friend
Somewhere down this road

There will come a time
There will be a place
With all my heart and soul I know with every step I take
I won't lose faith

Somewhere down this road we will meet again
I know the day will come
God be with you 'til then
Wherever this life takes us - heaven only knows
Just over the horizon - where forever goes
We will meet again my friend
Somewhere down this road
Somewhere down this road

Somewhere down this road we will meet again
I know the day will come
God be with you 'til then
Wherever this life takes us - heaven only knows
Just over the horizon - where forever goes
We will meet again my friend
Somewhere down this road
Somewhere down this road
