Woke up in a cold sweat  
In the middle of the night  
Seems like a lifetime  
When you're wondering who's  
Wrong or right  
One confession would resurrect  
The truth  
Revenge or forgiveness for sins  
Between me and you

Now we dance with the devil down  
Lonely street, lonely street

Looking for window in the house  
Of tears  
Living in hell, I pray the rain disappears  
I'm headed for a breakdown  
And the fever runs higher  
As I kneel at the altar I can feel your fire  
In the church of desire  
Church of desire

You never find a reason why love falls  
From grace  
Some kind of voodoo, like a spirit  
You can't embrace  
There's a voice in the mirror, and  
A ghost in my heart  
That relives the passion before we were  
Torn apart

Now we dance with the devil down  
Lonely street, lonely street

Looking for a window in the house  
Of tears  
Living in hell, I pray the rain disappears  
I'm headed for a breakdown  
And the fever runs higher  
As I kneel at the altar I can feel your fire  
In the church of desire

Church of desire

Now we dance with the devil down  
Lonely street, lonely street

Looking for a window in the house  
Of tears  
Living in hell, I pray the rain disappears  
I'm headed for a breakdown  
And the fever runs higher  
As I kneel at the altar I can feel your fire  
In the church of desire  
Church of desire
