Speeding out of Macon in her daddy's Cadillac
I hear sirens blowin', y'all, but I ain't lookin' back
Just another mile and I'll be safe in Caroline
Back at home alone again with Georgia on my mind

Southern Belle, you got me runnin'
Like a locomotive off the track
Southern Belle, I know you love it
But I'm never, never comin' back

Never knew what love was til I met that Georgia peach
Even though her daddy tried to keep her out of reach
But I just kept on reachin', plucking peaches from her
tree
And now her daddy wants to pluck a couple things from
me

Southern Belle, you got me running
Like a locomotive off the track
Southern Belle, I know you love it
But I'm never, never comin' back

Southern Belle, you got me running
Like a locomotive off the track
Southern Belle, I know you love it
But I'm never, never comin' back
