Tell me something that I need,  
Is this real or am I indeed  
Just a fool and a fool for loving you?  
I look around at this empty place,  
It's the worst thing, it's my disgrace.  
All I want to be is there with you.

Do not cry. Never cry.  
I will be there for you now.

There's only just a wall between us.  
Sometimes I can't believe that'd beat us.  
Everything just tries to break us down.  
But I won't let that happen to you,  
You've come to mean so much to me.  
There's no way that I can give up now.

Do not cry. Never cry.  
I will be there for you now.

Hold on, darling, I will be there in your arms tonight.  
Hold on, darling and I promise you we will be alright.

But I just can't go on this way,  
Making up your mind is taking far too long for me.  
So if you've just gone cold tell me  
And I'll understand, I'll understand.

Hold on, darling, I will be there in your arms tonight.  
Hold on, darling and I promise you we will be alright.  
And I promise you we will be alright.
