I know I'm thinking about all the things that I've become  
I'm scared of what's ahead and some things that I have  
done

So please believe me I can't do this on my own  
I'm just not strong enough to face this all alone  
Help me now

[Chorus]

I've got to get away from here  
If I'm to find my way back home  
I think it's time to disappear for a while  
Come back one day, and smile

This means so much to me I can't just leave this all  
behind  
Sometimes I feel like I need to get things off my mind  
So let me talk to you about the problems in my life  
And I will be there too when the world's not on your side  
Help me now

[Chorus]

I've got to get away from here  
If I'm to find my way back home  
I think it's time to disappear for a while  
Come back one day, and smile

And smile

When you're on your own the world's a smaller place  
Walk away and think about it  
We all need love and hope, the chance to start again  
Walk away and think about it

I've got to get away from here  
If I'm to find my way back home

[Chorus]

I've got to get away from here  
If I'm to find my way back home  
I think it's time to disappear for a while  
Come back one day, and smile

And smile [x2]
