So it's time for you to start again.
I bet you thought that this would never end.
You need to know I'm here and I will help you through.

I know the day can seem so hard
And it can try to tear you apart.
So be strong and always stay true.

Stand up for what you want.
Stand up for what you need.
Stand up come on and shout it out.

Stand up for who you are.
Stand up for what you believe.
Stand up come on let's shout it loud.

You have to try to make the most of this
'Cause your life is such a gift.
The road is long but it's really up to you.

My friend you are almost there,
I know that you can make it anywhere.
There's no end to the things that you can do.

Stand up for what you want.

You don't always have to be the best.
You just have to give your all.
'Cause when your mind is clear the goal is near.
Don't worry if you fall.
If you fall, you fall.
Come on and shout it out.
