If I remember it now
I get depressed
But at the time man
She was possessed
She was possessed by me
And she didn't really want to be
It's been a year back home
Shopping for one man
Living alone
More than you know
It's wasted and where did it go?
A whole year man
Rolled up and blown
Through my window

Oh window
Oh window
Oh window
Oh oh window

Oh my my memory
Just won't let her go
Like watching TV but I can't change the show
The past is haunting me
And it's really an anomaly

I step into the sun
Stretch out my legs man
Go for a run
And I just flow
Exhausted I head on back home
Take a bath and
And let it blow through my window

Oh window
Oh window
Oh window
Oh oh wind-

There's just some things I didn't know oh
There's a few things I think that she didn't show oh

Through my window

Uh oh

Window (window)

Oh window (window)

Oh oh wind-

Oh window

(No no no window

? my window)
