When I look at you, you're beautiful.

There comes a time in someone's life,

When you find the things that matter.

And every time we touch, the love runs deep.

We realize it's ours to keep,

And that's all that really matters.

You'll always be my sweet addiction,

In this life my saving grace.

You're all that really matters, you know it's true.

Ain't no me without you.

When you're in the dark, baby don't dispare.

I'm just a spark away, I will be there,

And that's all that really matters.

You'll always be my sweet addiction,

In this life my saving grace.

You're all that really matters, you know it's true,

Ain't no me without you.

We'll share our live together,

Yes our flame burns on forever.

And at the final curtain call,

We can say we did it all.

You'll always be my sweet addiction,  
In this life my saving grace.  
You're all that really matters, you know it's true,  
Ain't no me without you.  
And when we turn to dust, and we fly away,  
There'll be a light still burning bright.  
And that's all that really matters
