Woke up in a cold sweat
In the middle of the night
Seems like a lifetime
When you're wondering who's
Wrong or right
One confession would resurrect
The truth
Revenge or forgiveness for sins
Between me and you

Now we dance with the devil down
Lonely street, lonely street

Looking for window in the house
Of tears
Living in hell, I pray the rain disappears
I'm headed for a breakdown
And the fever runs higher
As I kneel at the altar I can feel your fire
In the church of desire
Church of desire

You never find a reason why love falls
From grace
Some kind of voodoo, like a spirit
You can't embrace
There's a voice in the mirror, and
A ghost in my heart
That relives the passion before we were
Torn apart

Now we dance with the devil down
Lonely street, lonely street

Looking for a window in the house
Of tears
Living in hell, I pray the rain disappears
I'm headed for a breakdown
And the fever runs higher
As I kneel at the altar I can feel your fire
In the church of desire
Church of desire

Now we dance with the devil down
Lonely street, lonely street

Looking for a window in the house
Of tears
Living in hell, I pray the rain disappears
I'm headed for a breakdown
And the fever runs higher
As I kneel at the altar I can feel your fire
In the church of desire
Church of desire
