There's a line that u cross  
When you find out that you're lost  
When your world is closing in  
And it crawls under your skin

And the heart's always blind  
When it's in this state of mind

There's a burning light  
In this town  
For every heart that's  
Broken down tonight  
Here tonight  
You're stranded out  
There in the rain  
And you just can't see  
Past the pain tonight  
You've fallen from Graceland  
Fallen from Graceland

When you're too  
Proud to crawl  
It keeps your back  
Against the wall  
You wanna die, but you live  
With nothing left to give

And there's no place to hide  
When you're tangled up inside

There's a burning light  
In this town  
For every heart that's  
Broken down tonight  
Here tonight  
You're stranded out  
There in the rain  
And you just can't see  
Past the pain tonight  
You've fallen from Graceland

And there's no place to hide

When you're tangled up inside

There's a burning light  
In this town  
For every heart that's  
Broken down tonight  
Here tonight  
You're stranded out  
There in the rain  
And you just can't see  
Past the pain tonight  
You've fallen from Graceland

Fallen, you've fallen from  
Graceland tonight  
Fallen, fallen, fallen  
From Graceland-and tonight

There's a light  
A bright light burning  
For every broken heart  
In this world tonight  
Deep inside  
Yes there's one light burning  
That will lead you through  
The storm tonight  
It's gonna be alright, yeah

It's gonna be alright (oh it's  
Gonna be alright, tonight)

Fallen, fallen, fallen, fallen  
From Graceland  
(Fallen from Graceland)  
Tonight
