Every song on the radio's about us tonight
Or the words make it hard to forget
As the memories flash back to me line after line
The moments that we won't regret
If there's bad blood between us, or feelings unsaid
Don't say a word, just hold me instead

One kiss for the night we met
One for the dreams we shared
One for the laughter and tears
One final rendezvous
One last I love you
One lasting memory
One dance for old times
Girl don't you think you and I deserve one last goodbye

There's a painting of you in a beautiful light
Hangs on the wall of my heart
It'll live there forever, time after time
Like a priceless, fine work of art
I don't want to convince you
Don't make me explain
All that I'm feeling
Baby you'll feel the same
Baby

One kiss for the night we met
One for the dreams we shared
One for the laughter and tears
One final rendezvous
One last I love you
One lasting memory
One dance for old times
Girl don't you think you and I deserve one last goodbye
One last goodbye

No good guys no bad guys
When dawn comes no sad eyes
We might not get this close again
It'll all be alright if it's just for tonight
What if this isn't the end?

For the night we met
Dreams we shared
For the laughter and tears
Final rendezvous
One last I love you
One lasting memory
One dance for old times
Girl don't you think you and I deserve one last goodbye
One last goodbye
One last goodbye
