Voodoo woman

I'll see you in my dreams

Gipsy woman

Down on Lonely Street

Gipsy was a friend of mine

In a sacred dream

Voodoo woman magic child

In time you will believe

Every time we say goodbye

Our love will rest in peace

After we make love tonight

Our love shall rest in peace

So say a prayer and close your eyes

Come lay your body down to sleep

After we make love tonight

Our love shall rest in peace
