Hey mister, can you tell me  
What this world's about  
It might just help me out  
I used to be a dreamer  
But my dreams have burned  
You know how luck turns

Sometimes it's hard to find a friendly face  
Feel like a stranger to the human race  
It's such a lonely, lonely place

I walk alone in the darkness of the city  
Got no place to call home  
I might be dyin'  
But you can't hear a sound  
'Cause midnight rain is comin' down  
I'm just a stranger, a stranger in this town

Everybody loves a winner  
Till the winners lose  
And then it's front page news  
Nobody loves a loser  
When you're down and out  
You know there ain't no doubt

I'm just a victim of circumstance  
Please mister, give me a helpin' hand  
Brother, won't you understand

I walk alone in the darkness of the city  
Got no place to call home  
I might be dyin'  
But you can't hear a sound  
'Cause midnight rain is comin' down  
I'm just a stranger, a stranger in this town, yeah  
I mean no danger, I'm a stranger in this town

Mercy, mercy, mercy, [Incomprehensible]  
No, no, no, no  
Yeah, yeah

I'm just a victim of circumstance

Please mister, give me a helpin, hand  
Brother, won't you understand

I walk alone in the darkness of the city  
Got no place to call home  
I might be dyin'  
But you can't hear a sound  
'Cause midnight rain is comin' down  
Midnight rain is comin' down, oh

I'm just a stranger, I'm a stranger in this town  
I mean no danger, I'm a stranger, I'm a stranger  
I'm a stranger in this town  
No, no, no, no  
I mean no danger, I'm a stranger, I'm a stranger  
I'm just a stranger in this town

I'm just a stranger in this town
