Lately it's been raining but today's my lucky day
The faith in my pocket is the only thing that didn't
Get washed away
If I was making confessions well this is where I'd
Start
Every heart is a blessing and a knock down was a spark
Every knock down was a spark, yes it is

(Ref:)

I'm tearing out all my troubles
Set on fire all my sins
Another day's done and I'm moving along again
I'm doubling down on freedom
Everything I believe in
I'm raising my flag and taking a chance on the wind
Yeah! Raising my flag and taking a chance on the wind

If time taught me a lesson is don't dwell on the past
'Cause the bad things fade and the good things
The good things are built to last
When love comes easy like a fairy tale make believe
When you're banned all and you're ready to fall
There's only one remedy
Only one remedy, yes it is

(Ref:)

I'm tearing out all my troubles
Set on fire all my sins
Another day's done and I'm moving along again
I'm doubling down on freedom
Everything I believe in
I'm raising my flag and taking a chance on the wind
Yeah! Raising my flag and taking a chance on the wind

On the fault lines, time keeps on burning
It's a long time and you keep on loving
Yeah, yeah, yeah, yeah!

(Ref:)

I'm tearing out all my troubles
Set on fire all my sins

Another day's done and I'm moving along again
I'm doubling down on freedom
Everything I believe in
I'm raising my flag and taking a chance on the wind
Yeah! Raising my flag and taking a chance on the wind
