they say it fades, if you let it  
love was made to forget it  
I carved your name across my eyelids  
you prayed for rain, I prayed for blindness

if you still want me, please forgive me  
the crown of love has fallen from me  
if you still want me, please forgive me  
because the spark is not within me

I snuffed it out before my mom walked in my bedroom  
the only thing that you keep changing is your name  
my love keeps growing still the same  
just like a cancer, and you won't give me a straight  
answer

if you still want me, please forgive me  
the crown of love has fallen from me  
if you still want me, please forgive me  
because your hands are not upon me

i shrugged them off before my mom walked in my  
bedroom  
the pains of love and they keep growing  
in my heart there's flowers growing on the grave of our  
old love  
since you gave me a straight answer

if you still want me, please forgive me  
the crown of love is not upon me  
if you still want me, please forgive me  
cause this spark is not within me, is not within me, is  
not within me  
you gotta be the one, you gotta be the way, your name  
is the only one that i can say  
you gotta be the one, you gotta be the way, your name  
is the only one that i can say..

la la la la...la la la laa..
