Oh Oh Oh I'm trouble (trouble, trouble, trouble) (x2)

Can't fight it
I'm a manic and a crazy ass
but you like it
How I lose control
in the music yeah

let me go (x4)
let me rock to the beat
tell me what you want to see
its a show (x4)
step into my danger zone

im a handful baby on the dance floor baby
you know? oh oh
I get to kissin' on the boys
make the girls wanna give it a go

I'm trouble, trouble woah woah (x2)
im a handful baby on the dance floor baby
you know? oh oh
I get to kissin on the boys
make the girls wanna give it a go
oh oh oh im trouble trouble trouble trouble (x2)

just watch me
baby i - i get it right
ill be dancing all night
and we dont sleep
and we pour another drink
let me let me do my thing
let me go (x4)
its party overdrive party party overdrive
yeah its a show (x4)
im working overtime baby

here we come are you ready?

im a handful baby on the dance floor baby
you know? oh oh

I get to kissin' on the boys
make the girls wanna give it a go

I'm trouble, trouble woah woah (x2)
im a handful baby on the dance floor baby
you know? oh oh

I get to kissin on the boys
make the girls wanna give it a go
oh oh oh im trouble trouble trouble trouble
