I'm only happy when i'm with you  
I only feel good when i'm talking to you  
And i'm a mess when you don't call me,  
Call me at night.  
Where did you go? Where did you go?  
Did you think of me?

Its hard to breath and my heart's sinking  
I'm slipping fast as i am reaching for you  
Don't wanna hurt cause i have been there before  
Can't take much more  
Can't take another night without you  
Here beside me

Chorus:  
I want to review my kisses  
On every inch of your body.  
I want to reveal my secrets  
That only you should know.  
I feel all this pain inside me,  
That only your lips can make better.  
I want to review my kisses,  
So you won't forget that you are mine

Don't wanna care more than you do.  
Don't wanna be the one who's out in the rain.  
Don't wanna get that call when you sound so cold  
So far away, so far away  
Like the distant roll....of thunder

Chorus:  
I want to review my kisses  
On every inch of your body.  
I want to reveal my secrets,  
That only you should know.  
I feel all this pain inside me  
That only your lips can make better.  
I want to review my kisses  
So you won't forget that you are mine.

Its a pain in the darkness.

And im lost inside you  
Don't Go.....

Chorus:

I want to review my kisses,  
On every inch of your body.  
I want to reveal my secrets,  
That only you should know.  
I feel like a childless mother,  
Wanting to hold her bady.  
If I could review my kisses,  
Then you wont forget that you are mine
