Closer my heart
Closer my heart
I've cleared a way through the smoke
Now all we need is a reason and a hope

In the hour of lead
I'll be with you
And we will rise

Do we follow a ghost?
He received a crown of thorns
He gave his body
He gave his bones
'Cause all we need is a reason and a hope

Ah
Ah
Ah
In the hour of lead
I'll be with you
And we will rise
In the hour of lead
I'll be with you

And we will rise
Oh we will rise
Oooo

And we will rise
Oh we will rise
Ooooo

In the hour of lead
I'll be with you
And we will rise
In the hour of lead
I'll be with you
