Chorus:

Yeah, I'll take you to Cloud 9 if you aint afraid of heights
Cuz fuck it - I feel good (Get on my level, you aint high like me)
And I can feel it - aint no limit to this high
So fuck it - I feel good
(I told em, get on my level you aint high like me)
And I can barely open up my eyes
But fuck it - I feel good (Get on my level, you aint high like me)
It's the life - if you ever wanna try
Then fuck it - come feel good
(I told em, get on my level you aint high like me)

Verse 1:

I am gettin twisted - I get her lit and forget her name
Tell that hoe I stay on that fly shyt - don't miss the plane
Whip is impressive - George Jetson, I'm switchin' lanes
It just takes a second - I'm David Beckman - and kickin' game
A fitted black - tatted and the piff is flame
Tented frames - sit over my face - I'm still in a daze
Smokin Franky Beverly And Maze, - Heavenly Purple Haze
She blazed, she want the fame - she gone get a taste
Nerd school days - Cool J - ladies love em now
Plus I feed these sluts drugs - fuck em - watch em run around
And am I comin down - nah I'm takin flight so
It's like, I know I'm wasted and you are wastin a high

Chorus:

Yeah, I'll take you to Cloud 9 if you aint afraid of heights
Cuz fuck it - I feel good (Get on my level, you aint high like me)
And I can feel it - aint no limit to this high

So fuck it - I feel good
(I told em, get on my level you aint high like me)
And I can barely open up my eyes
But fuck it - I feel good (Get on my level, you aint high like me)
It's the life - if you ever wanna try
Then fuck it - come feel good
(I told em, get on my level you aint high like me)

Verse 2:

I'm thinkin' I'mma relapse and shyt
Access to the baddest chicks - that ass'll get me after it
I'll smash and then relax a bit
Broads go through withdraw - recover - crash again
Burnin' that loud - buyin a round of drinks after it
She sparkin the li - it's dark and I'm high
I'm in the sky with all the birds - in the other words I'm fly
I feel like Luke - cuz see my crew is too live
All you hear is these loud noises and all you ever see is the lights
And I can give you this feeling - listen - this could be life
And it's like - taking a flight - knowing you'll never touch the ground
Now you can be my lady - so I'mma lay here and watch it bounce
Then I'll blow you shotguns and make sure that I touch ya mouth

Chorus:

Yeah, I'll take you to Cloud 9 if you aint afraid of heights
Cuz fuck it - I feel good (Get on my level, you aint high like me)
And I can feel it - aint no limit to this high
So fuck it - I feel good
(I told em, get on my level you aint high like me)
And I can barely open up my eyes
But fuck it - I feel good (Get on my level, you aint high like me)
It's the life - if you ever wanna try
Then fuck it - come feel good
(I told em, get on my level you aint high like me)
