Chorus:

My mama so sexy
It was just like a dream
She showed up in my front door
Baby are you ready
She told me what she wants
This is what she's looking for
She wants love love love love
She's looking for love love love love
And baby I'm the one hey

Hey baby girl, I love the way you come around
The things you say
You have my heart got butterflies
A shining star you shine so bright

Pre chorus:

Anything you want, anything you need
Baby I come after
If it loves she wants, if it love she needs

I aint' scared to ask her
Hey diamond girl please look my way
Don't search no more I'm in your face

[Chorus:]

Oh body of a goddess you're beautiful
I want your body from head to toe
I love your mind
I love your soul
Give me your heart I won't let go

[Pre chorus:]

[Chorus:]

And baby I'm the one
Baby are you ready
She wants love love love love
Baby I'm the one
She wants love love love love
My mama so sexy
