No empathy anymore
There's no you no more
I'm here for myself and that's it
Serving me, serving my own benefit
You can die working for me
Working for me in a diamond mine
No help without a return from you
I made myself so why don't you?

Give me more!
I will always be thirsty
Go away!
All you have will belong to me
[x2]

Give me more!
Give me more!

Give me more!
I will always be thirsty
Go away!
All you have will belong to me

What a sad little world
Like there is no love anymore
And I know there is someone at my door
All too often I prefer my own remorse
