Hey little sister, once in a blue moon
You Get Mad
And Loose Your Head
Please Don't Arrest Me You

Refrain:
You Don't Know Where You are
You Don't Know House Of Cards

Hey little sister
Why you so innocent
And winsome
If you're created from chaos
Than the right

Way is gone

Refrain 2x

I wish you I wish you I wish you heaven
I wish you I wish you I wish you heaven
Close your eyes
Break the ice
And everyone will
Love you again
Close your eyes
Break the ice
And everyone will
Love you again

Refrain
