you wish death out upon me but im still up.  
this is my life and i wont give it up

\*Chorus\*

i got more then it takes i cant be laying here with u  
ill do everything that i want to do.

i just want to know what the fuck did i do  
why ur fuckn other dudes and let them cum inside u  
youll be pregnant in no time, broke with no life  
yellin out oh right, richy was so nice  
u were just so blind, and i know that u hope i  
turn around and come back but i wont thats no lie  
for all i give a damn you can turn around and go die  
dont need u in my life cause my future is so bright  
get someone after me they btr have a gun  
cause itll be a tradgedy i said it i wont run  
pepperspray in one hand a knife in the other,  
if u mess with me man ima slice u like butter.  
and i dont give a shit if you bench press a million  
pounds  
ima get me a pistol n stick it in yo mouth  
nothin to say now, ill blow your brains out, ill blow ur  
brains out.

\*Chorus\*

i got more then it takes i cant be laying here with u  
ill do everything that i want to do.

where have u been and what have i done  
im feelin sick like a son of a gun  
ready to fireoff, fireball blood guts and glory  
you were wrong you always fucked up the story,  
i was almost dead and gone i said it in the song  
i aint gunna let u walk ima strap u to a bomb  
ima fuckn set it off u r gunna get it raw  
i aint gunna stop until ur head is gone.

\*Chorus\*

i got more then it takes i cant be laying here with u  
ill do everything that i want to do.

you cant see tears when u stand in the rain,  
ill chase my fears till im dead or insane

x2

\*Chorus\*

i got more then it takes i cant be laying here with u  
ill do everything that i want to do.

your as heartless as it gets i need the world to know,  
that the next one you touch will end up a ghost.
