"Go Where The Rain Goes"

Passion fades-morning turns
Hold my hands-now feel me burn
Understand the voice within
It's a power that's here and now
It's deep inside of you
It's where you are again
It's where you are again
It's where you are again

CHORUS

Where the rain goes
I go where the rain goes
Yeah, I go where the rain goes
I go where the rain goes
Here and back again
Days and nights are black and dull
In your mind I know it has
All you want you'll always feel
But I know one day it will heal
It's a dream
Dream your feeling baby
It's gone about so long
About so long
I'm feeling tired now
Oh so tired
You know you're feelin'
Feelin' lonely
afraid to face the day
Don't you shield
Here it calling iside you

Please work it out together
Together they will fall
Here and now
'Cause it's who you are again
'Cause it's who you are again
'Cause it's who you are again

CHORUS

Again to live a life
A long time I return to life
A time that turns to life
And there's a feeling we're forgetting our home

And there's a feeling we're forgetting our home
And there's a feeling we're forgetting our home
And there's a feeling we're forgetting our home
Is love, is love, is love, is love, is love
Here in the winter
And I'm here awake forever
Here falling, I'm falling
But I'll rise again
CHORUS
Our eyes will rise
Our eyes will rise to the sky
And I will feel
I will feel the rain
The rain
