You hold my hand
And you are the reason
The very reason I'm alive
Feel my love
You are perfection
The only reason I survive
CHORUS
Now it's all in your hands
All in your hands
And I thank you
It's all in your hands
All in your hands
And I want you
Who wants more
Tell me now-tell me now
Who loves me
Feel it now-feel it now
Who wants more
Tell me now-tell me now
You want all and more-in here
You are the answer

The question I'm still looking for
All my love
You are perfection
You are everything and more
Now it's all in your hands
All in your hands
And I thank you
It's all in your hands
All in your hands
And I want you
You steal my heart
You must believe me
Oh how I love you even more
Stay with me
You are perfection
The one I'll love forever more
