Feeling lonely, it's so unfair
Feeling lonely, 'cause I need to share
It's been a long time since I've been in there
You know I've been around, been around,
Been around a long time now
On the mountain I feel so small
And in the distance you see me fall
Suddenly, I don't know what to do
Just reach out my arms and call out to you
CHORUS

When the walls break down
And when your heart turns 'round
And when your love turns on
Well, I said, baby and me
We'll just watch this world explode
In the morning my fever breaks

You stay with me to see how long it takes
I'm never sure just what you want from me
I know you've been around,
Been around, been around
'Rout a lot like me

CHORUS

Oh my God, this is no kind of life for me
Oh my God, this is not what was meant to be
Oh my God, this is no kind of life for me
Oh my God, this is not for me

CHORUS
