I thought she noticed me when I saw her  
She seemed to check me out right away  
So I asked her name, I played the old game  
Her reception seemed to be okay

She was a little thing, about fifteen  
And she liked to make the schoolboys stare  
It was an instant cosmic meet  
A teenage love affair

It was getting hotter, minute by minute  
Every second brought her closer to me  
Then we finally touched and  
We touched and we touched  
Her hands found their way over me

So we made love there in the daytime  
When her mama left, we went upstairs  
It was a total cosmic beat  
A teenage love affair

(CHORUS)

Teenage love affair  
A teenage love affair  
Teenage love affair  
A teenage love affair  
Teenage love affair  
A teenage love affair  
Teenage love affair  
A teenage love affair

Then I heard a strange rumor about her  
I didn't know just what to say  
It really brought me down  
You know it turned me around  
Cause no girl ever done me that way

But it didn't take long til I found out  
There's a lot of sexy girls out there  
And I've got a cosmic meet  
For teenage love affairs

(CHORUS)
