Summertime and everything is sweet  
Walking barefoot to the circle k  
On the burning street  
Summertime and everything's on fire  
This town is a drive-by for the  
Whole inland empire

But down on the boulevard  
They take it very hard

But it's alright, it's OK  
I was going to move out of here anyway  
Don't look at me, I've got nothing to say  
Countdown to ecstasy

They are very rich, those boys uptown  
They got so much now they wanna  
Let it trickle down

La la la la la la

Summertime and everything is chill  
Cops and gangsters cruising  
Everybody's dressed to kill

Summertime and everything is cool  
In the halfway house for sex offenders  
By the school

They're laughing, they're dancing  
They're calling everyone

Step right up, don't be shy  
Buy a second chance  
You need a favor?  
I got a guy  
Who can buy you a second chance...

But it's alright with me  
If they lock you up  
Then I can be free

Six of you  
Half a dozen of me  
So count down...  
Alright, OK,  
I was gonna move out of there anyway  
Don't look at me  
I've got nothing to say  
As you countdown to ecstasy  
Countdown to ecstasy
