Ghostyhead, ghostyhead  
Standing in the door  
You think if you don't answer  
I can't hear you anymore

Chains you hung from ear to ear  
Finally drug your head  
But I can see through anything  
I know what you bled

Ghostyhead, ghostyhead  
You think that I can't see  
The shadow of another girl  
Each time you look at me

People came from far away  
to watch us drop you in,  
But ghostyhead the crowd is gone  
Come back up again  
Ohh, ohh, ohh, ohh

Ghostyhead, ghostyhead  
Come sit down on the porch  
There's a serpent caught in a fisher's net  
And virgins light the torch

But who this night would not stay warm  
By any light they could?  
You just eat your bread and cake  
And tell them it was good
