Oh sacred patience with my soul abide  
There's a rainbow above me that the storm clouds hide  
And kind words will never die 'cause the magic in  
kindness  
Springs from the love, love, love

Little acts of kindness and little words of love  
Make our earthly home heaven above  
And there is no sorrow heaven cannot heal  
Abide within, no cross, no crown

Running from mercy, hidden and coy  
Swimming upstream down oceans of joy  
Die in the arms of a natural life  
Waking our happiness drowning in light  
Waking our happiness drowning in light

Little acts of kindness, little words of love  
Make our earthly home like heaven above  
And there is no sorrow heaven cannot heal  
Abide within, no cross, no crown

This thing was not born with wings  
Slow to stop our ways sing

Running from mercy, hidden and coy  
Swimming upstream down oceans of joy  
Die in the arms of a natural life  
Waking our happiness drowning in light  
Waking our happiness drowning in light

Running from mercy, hidden and coy  
Swimming upstream down oceans of joy  
Die in the arms of a natural life  
Waking our happiness drowning in light  
Waking our happiness drowning in light

Running from mercy, hidden and coy  
Swimming upstream down oceans of joy  
Die in the arms of a natural life  
Waking our happiness drowning in light  
Waking our happiness drowning in light

You, you wake up, come on boy, come on  
Don't you stop her, don't you stop her, there's that door  
I've got that door I know where that door is  
Just follow me and you wake up come on with me  
Tomorrow
