Hold me love, I can't sleep again
I have to kiss your nose? I wanna lay here next to him,
love
I remember walking in the rain
Rain was falling on my hands, I don't wanna live
through that again, no

Outside the heart it gets dark now, lovers walking in the
park now
Children singing songs that will now make all our
dreams come true
I'm in love with you

I know it takes is love, love is a healing thing
When you give everything, you're loving the world
The world gives you love to hold onto
Remembering we, we seldom love

Somewhere, we'll be over there
We'll be better there
Just give me many chances
I'll see you through it all
Just give me time to learn to crawl

In September, when the rain comes and the wind blows
I would see you walking in your coat
And if you let me, I will keep you here inside the stars
I will love the sound of my sheets since you have
moved beneath them

Just give me many chances
I'll see you through it all
Just give me time to learn to crawl

Just give me many chances
I'll see you through it all
Just give me time to learn to crawl

Just give me many chances
I'll see you through it all
But give me time to learn to crawl
Time to learn to crawl, time to learn to crawl
