It's 7:30, I'm leaving early,
The day just knocked me off my faith,
Then I go get the feeling, like it's the weekend
I pour in a couple rounds on me.

Come get on ain't nothing wrong with cleaning out the
bar
The night is long as we stay young
But live for the life doing like it's the last time

Chorus:
Go ahead and make your move,
No matter what you treat that
If you feel in the way I do, I do
Toast to the life and let that whiskey
Make it go make it all go go good
Whiskey, make it go, make it all go go good uh ohhh

11:30, the lungs are burning,
A smile 'cause I can't feel my face
Everybody's friendly, we're deeping easy,
When I lean on you, you lean on me.

Come get on ain't nothing wrong with cleaning out the
bar
The night is long as we stay young
But live for the life doing like it's the last time

Chorus:
Go ahead and make your move,
No matter what you treat that
If you feel in the way I do, I do
Toast to the life and let that whiskey
Make it go make it all go go good
Whiskey, make it go, make it all go go good uh ohhh

Burt and dash show me what you got, little ray label
single more stash
Ball me a devil make it on the racks, make it on the
racks, make it on the racks.
Burt and dash show me what you got,

Little ray label show me more stash,
Ball me a devil make it on the racks, make it on the
racks, make it on the racks.

[2 x Chorus:]
