Dancing with you may not be like Hollywood
But Hollywood never loved like this
And I know you think sometimes that I talk too much
But in the end you say "Ah, it's all right"

Wherever we go
You know you're my home
Besides I want to know
How you'll look when you're old
And you're not just a ring on my finger

You gave me the sun
Made me believe
Made life a song
And I give you my hand
Give you my word
And all that I am
All that I am

When I think back, what a crazy past has led us here
And I'm so glad you're here
And sometimes things were so hard I thought I'd break
But here we are
We've come so far

Everybody knows

You're the one I chose
I love you so
Every day how this grows
And you're not just the ring on my finger

You gave me the sun
Made me believe
Made life a song
And I give you my hand
Give you my word
And all that I am
All that I am

You're so much more than just the ring that's on my
finger

You gave me the sun
Made me believe
Made life a song
And I give you my hand
Give you my word
And all that I am
All that I am
