#### VERSE 1

As I lay alone in bed, clock says 3am  
Once again can't sleep coz you're not their right by my  
side So many thoughts  
Run through my head of me and you  
And I wonder if you're thinkin about me too  
Do you dream about me when you go to sleep at night  
And do you wonder if I'm gonna be alright

#### CHORUS

I just wanna spend one night with you  
And I wanna order in for two  
I don't wanna be alone no more  
Don't wanna hear you on the phone  
I want you right here by my side  
I wanna look you in the eye  
There's somethin missing when you're not around  
Coz you're the other half that makes me whole

#### VERSE 2

Everyday I miss you more, the sun don't shine the way  
it should  
But everywhere I go I'm reminded of you  
People walking hand in hand, lay their footprints in the  
sand  
I hear our song on the radio, I can't do this any more  
Do you wonder what I'm doing when I'm not with you  
And do you need me like the way I need you too

#### CHORUS~BRIDGE

Baby I know I'm never there  
When I need you and I need you the most  
And I want you to oknow I'm always there  
And I'm only a heartbeat away  
If you say I don't wanna be alone no more  
I want you right here by my side  
I wanna look you in the eye  
There's somethin missin when you're not araound  
Coz you're the other half that makes me whole
