Stepping out on the edge a scary place inside my head
A heavy place I've been before, don't wanna test this
fate no more
My heart already fell from the sky, and smashed to
pieces
But something's got a hold of me, a piece that fit so
perfectly
A wish that was no accident, it can't be a coincidence
It's something that was meant to be, no rhyme or
reason

I feel love, I feel love getting deeper
I feel love, I feel love getting stronger
I feel love, I feel love getting higher
I feel love, I feel love, I feel love

There you are, you're like a shooting star
And I can't take my eyes off you
(I feel love, I feel love, I feel love)
Falling straight out of this aeroplane
And baby you're my parachute
(I feel love, I feel love, I feel love)

Showed your colours from the start and on your sleeve
you wore your heart
You never played the stupid games and always met me
half the way
Before I could catch my breath I was falling
But suddenly the seasons changed and winter turned
to sunny days
I'm looking out over the edge and I can't wait to see
you there
My heart already fell from the sky but this time I'm
flying, oh

I feel love, I feel love getting deeper
I feel love, I feel love getting stronger
I feel love, I feel love getting higher
I feel love, I feel love, I feel love

There you are, you're like a shooting star

And I can't take my eyes off you
(I feel love, I feel love, I feel love)
Falling straight out of this aeroplane
And baby you're my parachute
(I feel love, I feel love, I feel love)

I feel love, I feel love getting deeper
I feel love, I feel love getting stronger
I feel love, I feel love getting higher, higher, higher

There you are, you're like a shooting star
And I can't take my eyes off you
(I feel love, I feel love, I feel love)
Falling straight out of this aeroplane
And baby you're my parachute
(I feel love, I feel love, I feel love)

I feel love, I feel love, I feel love...
